acs 1500 d3 O3 - 3x va-rithek®

The mobile front cooking station with innovative extraction technology.

The mobile station with integrated “air cleaning system” edge extraction technology on three sides including plasma technology, made entirely of high-quality stainless steel, offers unlimited flexibility and mobility when cooking and makes front cooking an experience – without any unwanted odours.

With a digital control and a reliable, multi-layer filter system in the substructure consisting of a grease, activated carbon and pollutant filter and patented O3 plasma technology. The plasma generator not only neutralises the odours, but also eliminates bacteria and microorganisms.

Thanks to the perfectly designed air circulation with edge extraction on 3 sides (d3), a flame-retardant high-performance cyclone filter is used to remove the vapours formed during cooking from the grease, water and odour-laden air right where they originate.

The digital control offers a variety of useful functions, such as a display indicating the degree of wear of the filter elements (activated carbon filter), 4-level extraction power as well as a display of faults by means of continuous text. Different coloured LED lights indicate the operating status, an operating hours counter is also integrated and there is a safe alarm function with a buzzer.

TECHNICAL SPECIFICATIONS

acs 1500 d3 O3 - 3x varithek®

TECHNICAL SPECIFICATIONS

Dimensions	1500 x 760 x 1100 mm
Material	stainless steel 1.4301 (CNS)
Weight	130 kg
Connected load	22.000 W
Rated voltage	3N AC 400 V 50/60 Hz
Plug type	CEE-Plug 400V/32A
Cable length	2.000 mm
Protection class	IPX4
Castor	4 swivel castors with brakes
Wheel diameter	80 mm
Ambient temperature	+5°C to +40°C

Order number 91 14 01 99

BENEFITS

- 3-sided panelled station made of stainless steel.
- Recessed stainless steel worktop with a tightly welded installation niche.
- Removable 3-sided splash guard.
- Side walls with a high-performance grease separator, removable grease collection trays.
- Low-noise radial fan, patented plasma technology and activated carbon filter, for odour neutralisation and the elimination of bacteria/microorganisms.
- Optimal, safe to move.
- 2 moisture-proof sockets with a hinged cover.
- Dishwasher-safe cyclone filter.
- Removable 3-sided splash guard.
- acs components can be removed without tools.
